Donna DeBlois is the Executive Director of Kno-Wal-Lin Homecare and Hospice and Vice President of Community Health for Pen Bay Health in Rockland, Maine.

Kno-Wal-Lin is a member of MaineHealth, the largest integrated health system in Maine. Past work in homecare and hospice spans twenty-nine years and includes staff field nurse, administration, marketing, planning, and development. Ms. DeBlois serves on the boards of the National Association for Homecare and Hospice, the Organization of Maine Nurse Executives, the Coalition of Maine Nursing Organizations, and the Home Care and Hospice Alliance of Maine.

Elaine Davis Jones, Chief Operating Officer, CareMinders Home Care, Inc.

Elaine Davis Jones has over thirty years experience in the home health industry. She is an accomplished author and has written about industry quality and change in the book Total Quality

Management for Home Care. She is a former Examiner for the

Malcolm Baldrige National Quality Award and has been a leader in the paradigm shift away from quality assurance to quality improvement and six sigma concepts. CareMinders Home Care is a national Franchisor for continuous home care in the private duty market located in Georgia.

Barbara McCann, Chief Industry Officer, Interim Healthcare, and At-Large Representative of The Home Care Profession To The Joint Commission's Standards And Survey Procedures Committee

Barbara McCann is the Chief Industry Officer of Interim HealthCare Inc. the nation's second largest home care and medical staffing company with over 300 offices in 44 states. Ms McCann joined Interim HealthCare in January 1998. Celebrating its 44th year, Interim has over 300 home care and hospice offices in 41 states. Ms. McCann oversees the company's field and corporate clinical operations that establish policies and procedures for the delivery of patient care, and monitors compliance with law, regulation and standards of practice. She also directs the two national home care patient databases incorporating OASIS as well as patient satisfaction and outcome measures. Ms. McCann is also actively involved with clinical product development working in concert with sales staff. Finally, Ms. McCann acts a company liaison and industry representative in Washington DC.

Ruth Odgren, President, Baystate Visiting Nurse Association & Hospice

Ruth Odgren has over 30 years experience in community health, home health and hospice services, and post acute care. Having joined Baystate Health in 2002, Ruth is the President of Baystate Visiting Nurse Association & Hospice; Vice President of Baystate Home Infusion & Respiratory Services and Baystate Health Ambulance Company; and Senior Executive for all Post Acute Relationships.

Baystate Health is the largest, most diversified health system in Western New England, with an academic medical center, two community hospitals, 35 physician practices, a health plan and a visiting nurse association and hospice.

Lisa Remington, Publisher, The Remington Report, and President, Remington Health Strategy Group

Lisa Remington is President of The Alliance For Integrated Value-Driven Healthcare and Publisher of **The Remington Report**. With over 20 years of healthcare expertise, Ms.

Remington has become nationally known for a 100% accuracy rate for forecasting healthcare's emerging trends. This unique knowledge base allows her to provide integrated, value-driven solutions across the healthcare delivery system from hospital to post-acute services.

Ms. Remington facilitates Board and management retreats on strategy, transformational leadership, emerging trends, and value-driven integrated delivery models. Her national education programs, conferences, webcasts and peer networking work groups provide proactive solutions for organizations to attain best performance and optimal growth for a sustainable future.

Carol Quiring, President/CEO, Saint Luke's Health Systems, Home Care And Hospice

Carol's career includes management and teaching in various critical care settings. She has served as a Regional VP of a national home care company during a crucial merger in the 90's. Carol joined

Saint Luke's (SLHC) in '98 and was appointed CEO in 2005. SLHC has grown from a metro agency to a regional provider with 4 branches, 200+ employees, and revenues over \$30M. In addition to leadership for Home Care, Hospice and Home Infusion for the 13 hospital health system, Carol has served as a Team Leader for the Health System's recent care model redesign team, the Wound Care Steering committee, co-lead for the Staff Focus category in the Baldrige campaign of 2009 and 2010, and executive sponsor of the System Knowledge Management Council.

Anne Tumlinson, Senior Vice President, Avalere Health LLC

Anne Tumlinson, Senior Vice President, directs Avalere's post-acute and long-term care practice group. Anne conducts and oversees research, analysis and strategic consulting on post-acute and long-term care policy for government, foundation,

and commercial clients. Her work currently focuses on a variety of issues cross-cutting acute and long-term care, including hospitalizations and Medicare service use for people with severe disabilities, linkages between Medicare payment reform and long-term care service delivery, CLASS Act implementation, private long-term care insurance, and Medicare post-acute care payment methodologies.

Patty Upham RN, Director, FirstHealth Home Care

Patty Upham, RN, is the Director of FirstHealth Home Care, a position she has held since 2000. Her career in home health began in 1975 with the VNA of Washington D.C.

FirstHealth Home Care operates two Medicare certified agencies located in the Sandhills of North Carolina. With an average combined daily census of 400 patients, FirstHealth Home Care is part of a not-for-profit health care system that includes three hospitals, seven primary care practices, inpatient and outpatient rehab, health and fitness centers, dental clinics, a newly opened heart center and a health plan.

Since 2005, FirstHealth has successfully built their telehealth program using grant funding and corporate support. Building on its success in reducing acute care hospitalization, FirstHealth Home Care has created an integrated post acute network in partnership with key stakeholders throughout the healthcare system and the community.
