ROADMAPPING HEALTHCARE'S TRANSFORMATION: GET AHEAD OF THE CURVE

8:30 – 9:45am | Grand Ballroom

SPEAKER: LISA REMINGTON
President, Remington Health Strategy Group
and Publisher, **The Remington Report**

Keynote Address

The PAC ecosystem is undergoing change. PAC – referring to home health agencies, hospice, palliative care, private duty, in-home support services and community-based organizations – are being recognized as downstream providers to manage and transition chronically ill patients. This spurs various kinds of opportunities and challenges. ACOs and hospitals are moving into more risk-sharing models. Payors into value-based care reimbursement. PAC providers need to be mindful of both internal and external solutions. You will hear the latest changes and industry snapshots to make better decisions based on facts.

Your takeaways:

- How to get ahead of the curve to position your organization.
- What new business models are increasing opportunity to fuel change.
- Which value-based initiatives can advance your organization.

NETWORKING BREAK

9:45 – 10:15am | Grand Ballroom Foyer

Meet with companies to explore solutions and their latest products to advance your organization. Make new connections. Meet with your peers to exchange ideas.

POWER SESSION: WHAT TECHNOLOGY INVESTMENTS INCREASE VALUE AND PATIENT ENGAGEMENT?

10:15 – 11:00am | Grand Ballroom

Strategy Development

Technology investments will reduce costs, improve clinical care and increase operational efficiencies. How does your organization identity technology investments that will make a difference? What technologies are aligning with elder care? Which technologies are the biggest disruptors in evolving delivery and payment models?

Technology perspective takeaways:

- Why the changing landscape creates new opportunities.
- How investments increase your value.
- What business models support greater use of technology.

HEALTH SYSTEMS/ACO INITIATIVES PRIMER: SYNERGISTIC VALUES

1:15 – 2:15pm | Grand Ballroom

SPEAKER: LISA REMINGTON
President, Remington Health Strategy Group and Publisher, **The Remington Report**

Keynote Address

“Knowledge convergence” is heading into a new era. Every provider should have an understanding of other provider’s incentives and challenges. We talk about a continuum of care, but the reality is the system is very much siloed. As payment reform speeds-up, the importance of integrating the continuum, including PAC providers increases.

In this discussion, we take a look at changes to a hospital payments and value-based initiatives. We explore the implications of ACOs moving into greater risk, and the impact of 30-day episodes of care.

Your takeaways:

- What changes are impacting greater use of PAC providers.
- How should PAC providers respond and react to changes.
- Where does integration change delivery patterns.

ADJOURNMENT

2:15pm

WELCOME RECEPTION

THE BENEFITS OF PREFERRED PROVIDER AND POST-ACUTE (PAC) NETWORKS: WHY IS IT IMPORTANT TO YOUR FUTURE?

10:15 – 10:45am | Grand Ballroom

SPEAKER: LISA REMINGTON
President, Remington Health Strategy Group
and Publisher, **The Remington Report**

Keynote Address

The vortex of change is coming. Key trends and emerging policies in discharge planning, PAC prospective payment systems, physician reimbursement and the movement into more provider risk contracting are signally change. One of the best ways to accurately measure value is to track patient outcomes and costs longitudinally. Managing the care continuum requires engaging a PAC ecosystem of high-performing providers.

Your takeaways:

- Why a PAC preferred provider network is important to the changing landscape.
- What did the industry learn from skilled nursing preferred providers that did/didn't work?
- What are the characteristics of a high-performing post-acute network.

MEET OUR SPEAKERS

Donna DeBlois, RN, BSW, MSB, MBA, AHCA

Donna has over 36 years of experience in the homecare and hospice industry. Donna's credentials include under graduate degrees in Nursing and Social Work, and graduate degrees in Business Management. Donna began her homecare career in rural Missouri as a field nurse for Ozark Foothills Home Health Services. She returned to her home state of Maine and began a progressive leadership track for several homecare and hospice agencies. She most recently was the Executive Director for Kno-Wal-Lin Homecare and Hospice for 14 years and is currently the President/CEO of MaineHealth Care at Home.

Mike Flair

Mike is Vice President of Franchise Business Solutions and has been with Right at Home since January 2011. In his current role, he is responsible for leading strategic initiatives supporting the client and employee experience and managing relationships with business partners. Mike has 18 years of home care experience, including eight years with the world's largest in-home care provider. Mike's home care experience includes managing a large home care agency, serving as regional support manager and leading the training and onboarding of franchisees. Prior to working in the home care industry, he worked for a national staffing company as an account manager, and dedicated over 20 years to food service operations.

Elizabeth E. Hogue, Attorney

Ms. Hogue is an attorney in private practice with extensive experience in health care. She studied at the University of Maryland School of Law, concentrating in health law, and gained considerable clinical experience, course work and employment experience in this area. Following her admission to the Bar, she developed an active practice in health law. She represents clients all over the country. Her clients are professional associations, physicians, managed care providers, and institutional health care providers, including hospitals, long-term care facilities, home health agencies, durable medical equipment companies, private duty agencies and hospices. She has also represented a number of individual providers and case managers concerning health-related issues. Ms. Hogue is an active member of the American Health Lawyers Association.

Adina Kolatch

Adina has worked with the Visiting Nurse Association of New York for over thirty years. Adina led a unique hospice collaborative between the Visiting Nurse Service of New York and the Allure Network of skilled nursing and rehabilitation facilities and received recognition for the success of the partnership. Adina earned an MBA in Health Care Management from a joint program sponsored by Baruch College Business School- Mount Sinai Medical School and graduated cum laude with a Bachelor of Arts from Columbia University. She has authored several articles on health care marketing and a chapter in a nursing management book. Adina is also a certified yoga instructor and mother of four.

Lisa Remington

As President of the Remington Health Strategy Group, and Publisher of the Remington Report magazine since 1990, Lisa has worked with over 6,000 home health, hospice, palliative care, private pay and community-based organizations in both a consultancy role and educator. Her expertise drives organizational "value" planning to increase revenues, identify new and existing growth opportunities, and leverage strategic partnerships across the continuum. Nationwide leaders and their teams attend Remington Think Tank summits, executive leadership programs, and peer-networking groups to improve performance, hardwire their organization's future, and lead with vision. Lisa monitors the complex key trends and forces of change to develop a correct strategic approach to de-risk decision-making and create sustainable futures.

Gavin Ward

Gavin Ward is the Regional Director of Strategy and Partnerships for 24Hr Homecare, an award winning California based privately held, licensed homecare organization with 13 locations throughout California, Arizona, and Texas that has been recognized by Inc 500 and Forbes as One of America's Most Promising Companies due to innovative programs and a workforce of over 4,000 employed caregivers. He brings his 13 years of healthcare experience to PopHealth Podcast, a bi-weekly show he hosts focused on best practices of leading healthcare organizations. While non-medical care is historically privately paid, Gavin's data-driven efforts to improve throughput (via a first-to-market innovative partnership with Uber), reduce length of stay, prevent readmissions, and transition patients to a lower cost of care have helped yield over 25 system funded partnerships in California, Arizona and Texas with hospitals, managed care groups, payers, and bundled payment participants.

Connecting Your Organization to Solutions

The Think Tank's speaking agenda is purposeful. The topics and content keep your organization ahead of the curve. It helps our healthcare leaders to see around corners, navigate disruption, build futures, broaden their views of the industry, and embrace change.

1. Why is roadmapping important to your organization?

As a barometer of change, we monitor complex key trends, emerging policy, and disruption changing the healthcare landscape. Roadmapping advances organizations by exploring business insights and identifying new opportunities to develop go-to market solutions. As your organization looks to opportunities for growth, it is important to understand how payments, infrastructure, and individual sectors of the healthcare industry are changing.

2. Why are technology investments important to the future of your organization?

Technology investments for PAC providers are being driven by demographics, the increasing preference of seniors to stay in their home and ways to run a more efficient organization. Disruptive technologies can expand care management capabilities, care coordination, and lower the cost of care. Technologies are an important investment strategy for your organization's future to drive new opportunities, growth and care in the home.

3. Why is it important to align your organization to ACOs and Health Systems?

ACOs and health systems are taking on more risk. As risk picks up more speed, the emphasis of including PAC care increases especially in the areas of utilization management, chronic disease management, and proper site-of-care placement. Alignment of quality, financial and clinical measures provide better patient-centered care management and increase the value of your partnerships.

4. Why is it important to consider a preferred provider network, or align strategically with other PAC providers?

The discharge planning process is being remodeled as a requirement of the IMPACT Act. Your best strategy is to consider creating a preferred provider network or strategically aligning with other providers. This is also a market position to prepare for the prospective payment system under the IMPACT Act. **All PAC providers are impacted by this change.**

5. What are the top legal issue in 2019 and beyond?

Regulatory, compliance, discharge planning and Medicare Advantage Plans are at the top of the list for legal issues changing in 2019. Get ahead of the curve to better understand how issues will affect your organization and other stakeholders across the continuum.
