Remington
Empowering Organizations to Meet the Future

Remington’s 2019 Readmissions Conference

WHY THE FOCUS ON READMISSIONS?

4 Key Strategies to Build Framework

12 New Opportunities to Reduce Readmissions, Optimize Technology and Increase Valuable Partnerships

Discover how to position your organization to effectively respond to healthcare’s predictable future, and to respond quickly to new trends creating opportunities.

1. Readmissions & Actionable Data Driven Results
   - Explore how actionable data by conditions can reduce your readmissions.
   - Learn the importance of 7-day vs. 30-day readmission analysis.
   - Explore the importance of unique clinical, age and economic data to segment patient populations to reduce readmissions.
   - Learn how data mining and analytics create more efficient 30-day episodes of care.

2. Outcomes Management
   - Learn how your organization can achieve an interdisciplinary approach to improving patient outcomes to decrease costs, decrease, length of stay, improve clinical outcomes, and improve system processes.
   - Explore tools to optimize patient engagement.

3. Case Management Models
   - Hear a case study: Managing high-risk patients and getting paid by the health plan.
   - Learn from a case study how to reduce readmissions using community-based health coaches.

4. Technology Innovation & Value-Based Partnerships Models
   - Hear case studies about how your peers developed innovative readmission programs using telehealth for bundled payment models, ACOs, wound care, hospice, Medicaid, physicians, advanced paramedic programs, and payors.
   - Expand telehealth programs by risk and condition (eg: CHF, COPD).
   - Explore how 24/7 call centers are valuable to reducing readmissions and creating new partnerships.

JOIN US AS WE EXPLORE, DISCUSS AND PROVIDE STRATEGIES TO REDUCE READMISSIONS INFUSE TECHNOLOGY, AND INCREASE VALUE-BASED PARTNERSHIPS

Of the 12 million Americans who qualify for both Medicare and Medicaid, 26% of hospitalizations were potentially avoidable. Total healthcare expenditures for this group exceed $300 billion a year, due in part to misaligned financial incentives between the two programs. “As a result, we continue to see poor outcomes and poor customer experiences.”

– SEEMA VERMA
ADMINISTRATOR, CMS

Your organization has an opportunity to reduce readmissions, ED visits and build valuable partnerships with ACOs, physicians, and payors.

Our conference Framework and Guided Strategies to Reduce Readmissions provides guidance and tools to help your organization respond effectively and efficiently as a valued partner.

Who should attend:
- Home Health Agencies
- Hospice
- Palliative Care
- In-home care
- Community-based Organizations
THURSDAY, JUNE 27, 2019

Networking Connection Breakfast | 7:30am – 8:00am

Welcome | 8:00am – 8:15am

Positioning Your Readmission Program to Create Growth and Increase Your Value Proposition in Response to the Changing Healthcare Landscape | 8:15am – 9:15am

SPEAKER: LISA REMINGTON, President, Remington Health Strategy Group and Publisher, The Remington Report

A guided roadmap to help your organization to see around corners, navigate disruption, and build a valuable framework for readmissions.

Learn the latest trends, analysis and opportunities for readmission partnerships:

• Critical healthcare payment and infrastructure changes creating new opportunities.
• Fee-for-service and value-based readmission opportunities.
• Positioning your organization as a valued partner.

Roundtable Discussion | 9:15am – 9:30am

Discuss with your peers their biggest challenges with readmissions and what they are doing to solve them.

Morning Break | 9:30am – 10:00am

Outcomes Management to Reduce Readmissions | 10:00am – 11:00am

SPEAKER: KAREN THOMAS, President, Cardeum

Identify how your organization can achieve an interdisciplinary approach to improving patient outcomes to decrease costs, decrease length of stay, improve clinical outcomes, and improve system processes.

You will learn:

• Essential programs to generate outcome improvement.
• How to roadmap a care management/care coordination program.
• The benefits of team integration strategies for outcome management.

Readmissions & Actionable Data to Reduce Readmissions | 11:00am – 12:00pm

SPEAKERS: LISA REMINGTON, President, Remington Health Strategy Group and Publisher, The Remington Report; KAREN THOMAS, President, Cardeum

Explore how data and research has analyzed readmission intervals based on 7-days vs. 30-days. Expand your data mining by using patient population segmenting analysis to reduce readmissions. Action to take back to your organization:

• How to dig into your data to reduce readmissions.
• How to leverage risk stratification models to reduce readmissions.
• Analysis by patient conditions to red flag greatest threat of readmissions.

Lunch | 12:00pm – 1:00pm

Join peer-to-peer networking discussions. Learn best practices. What’s working … what’s not.

Case Management Model Using Community Health Coaches to Reduce Readmissions | 1:00pm – 2:00pm

SPEAKER: ALEXANDRA DAVIS, RN, BSN, MPA, Director, Home Health Services and Director, Community Care Network Wooster Community Hospital

Hear a case study to improve care for at-risk patients and create a community-clinical link. You will learn:

• Framework for an integrated case management model utilizing coaches.
• Program development.
• Team-based care for social determinants.
• Successful outcomes management for reduced readmissions and ED visits.

Innovative Technology Infused Readmission Case Studies: Hospice, Medicaid, & Physicians | 2:00pm – 3:00pm

SPEAKER: KAREN THOMAS, President, Cardeum

Learn about three case studies for building innovative readmission programs for hospice, Medicaid and physicians.

You will learn from these successful readmission case studies for: Hospice; ACO – CHF readmission program; Diabetic program; Physician Chronic Care Management; Advanced Paramedic Program; and Medicaid/Medicaid Managed Care.

Adjournment | 3:00pm
FRIDAY, JUNE 28, 2019

Networking Connection Breakfast  |  7:30am – 8:00am

Complex Care Management Program: Managing High-Risk Patients and Getting Paid by the Health Plan  |  8:00am – 9:00am

SPEAKER:
CONNIE CHRISTOPHER, Director, Care Transitions, FirstHealth of the Carolinas
FirstHealth’s care management’s program is patient-centered, team-based, and a technology infused approach to chronic care management.
Learn about their partnership with an insurer to manage high-risk patients. In this session, you will learn how:
• The framework for an integrated chronic care case management mode.
• Steps to staff buy-in and integration.
• How to get paid for care management by the insurer.

Roundtable Discussion  |  9:00am – 9:15am

Morning Break  |  9:15am – 9:30am

Advanced Home-Based Primary Care Model to Reduce Readmissions  |  9:30am – 10:30am

SPEAKER: PAUL CHIANG, MD, CMO, Home Centered Care Institute
Explore the expansion of home-based primary care with ACOs, health systems, hospice and a social work model to prevent readmissions.
Learn new opportunities:
• Integration of home-based primary care in your organization.
• How new reimbursement models for physicians open-up new partnerships.
• The future of home-based primary care.

Strategy Wrap-up  |  10:30am – 10:50am
Actionable Strategies to Take Back to Your Organization!

Adjournment  |  10:50am

ACCREDITATION: This conference earns your approximately 8-10 CEUs and is accredited by Scully Health Management, Inc.

NURSING CONTACT HOURS: As an accredited provider of continuing education in Nursing by the California Board of Registered Nursing (CEP 14223) and the Florida Board of Nursing (CEBroker #: 50-1134), the Nursing Contact Hours will be calculated according to the State Statutes and Guidelines.

Remington Report’s Framework and Guided Strategies to Reduce Readmissions

WEBINAR #1  |  July 25, 2019
3:00pm – 4:00pm (Eastern)

WEBINAR #2  |  September 25, 2019
3:00pm – 4:00pm (Eastern)

Webinars are offered to your entire organization.
Paul Chiang, MD, CMO, Home Centered Care Institute

Paul Chiang, MD is Chief Medical Officer of the Home Centered Care Institute. The Institute's mission is to expand home-based primary care practices and the workforce nationally through training, research and advocacy. Dr. Chiang is also the Medical Director of Northwestern Medicine’s HomeCare Physicians which has provided over 110,000 house calls to more than 8,000 medically complex patients over the past twenty years. Dr. Chiang has personally made over 32,000 house calls. Dr. Chiang previously served as the Medical Director for Northwestern Medicine’s Home Health and Hospice where he started a home-based palliative medicine program. His work has been featured on ABC News Chicago, WTTW public television Chicago, and in several Chicago newspapers.

Connie Christopher, RN, BSN, Director, Care Transitions, FirstHealth of the Carolinas, Inc.

Connie has been the Director since July 2018. Prior to July 2018, she had held the position of Associate Director since 2007. Ms. Christopher has over 20 years of home care experience. She serves as the overall leader and manager of FirstHealth Care Transitions which includes: two freestanding not-for-profit home health agencies; a complex care management program for patients not eligible for home health but who require ongoing support and management of their chronic disease; and the FirstHealth Center for Telehealth providing remote monitoring services across care settings. She is the co-developer of the FirstHealth clinical pathways of care for heart failure, chronic obstructive pulmonary disease, diabetes, cardiothoracic surgery and hip and knee replacements. Additionally, Ms. Christopher assisted in the development and implementation of a comprehensive competency program for all staff that includes initial and annual competencies and targeted milestones.

AlexSandra Davis, RN, BSN, MPA, Director, Home Health Services and Director, Community Care Network Wooster Community Hospital

AlexSandra is a registered nurse with 46 years of experience. She holds a BSN, and MPA in healthcare from Cleveland State University college of business and a certificate in practice management. She has had many roles in healthcare from being a cardiovascular nurse to program development. Her latest accomplishment was the implementation of the Community Care Network, a collaborative program with The College of Wooster. This program trained students to become health coaches. In addition to being the director of the Community Care Network, she is also the director of Home Health Services at Wooster Community Hospital in Wooster Ohio.

Lisa Remington, President, Remington Health Strategy Group, Publisher, The Remington Report

As President of the Remington Health Strategy Group, and Publisher of the Remington Report magazine since 1990, Lisa has worked with over 6,000 home health, hospice, palliative care, private pay and community-based organizations in both a consultancy role and educator. Her expertise drives organizational “value” planning to increase revenues, identify new and existing growth opportunities, and leverage strategic partnerships across the continuum. Nationwide leaders and their teams attend Remington Think Tank summits, executive leadership programs, and peer-networking groups to improve performance, hardwire their organization’s future, and lead with vision. Lisa monitors the complex key trends and forces of change to develop a correct strategic approach to de-risk decision-making and create sustainable futures.

Karen Thomas, President, Cardeum

Karen is President of Cardeum, a Health Care Company specializing in innovative solutions and technology. Previously, Karen served as President of Advanced TeleHealth Solutions, a telemonitoring company, and Oxford HealthCare, a home care agency. In 2004, Karen developed and secured funding for the first Medicaid-covered telemonitoring program within the Disease Management Department for the State of Missouri. Seeing the need that various industries had for cost-saving solutions that could provide improved health outcomes for patients, she began Advanced TeleHealth Solutions in 2011. She is a speaker for Missouri State University’s Health Care Administration Masters program regarding “The Capabilities of Home Health and Its Future,” a contributing author to “Home Telehealth: Connecting Care Within the Community,” published by Royal Society of Medicine Press Ltd.
Hotel Accommodations
